

3D2N IPOH

Ipoh is the capital city of Perak state. It is located about 85 North East from Pangkor / Lumut and about 200 km from Kuala Lumpur. The name Ipoh originated from a local tree known as pokok ipoh. This particular plant is known for its tree sap. This sap is poisonous and it was used by the asli in their blowdarts. Ipoh is a rich tin bearing valley by the river. It grew up as a mining town. However the city's growth stagnated ever since the closure of the tin mines. However, the city is still in the top 5 of Malaysia's biggest cities with a population of over 600,000 people.
